

ACTION TAKEN BY THE MANAGEMENT FROM
FEEDBACK FORMS (2022-2023)

ACTION TAKEN REPORT

Students Feedback (2022-2023)

- Improve lab facilities along with introducing smart classrooms
- Introduce Food and Arts related Programmes (Courses)
- Make the surrounding environmental friendly
- Need of more extra-curricular programmes in the college

Action Taken

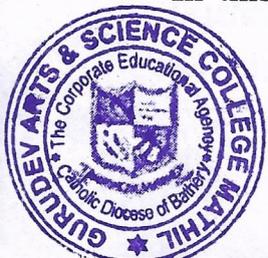

Based on the feedback received from the students, the institution has taken the following actions. The institution has upgraded Physics PG lab and also going to introduce Zoology lab along with the Zoology course. For the academic development the institution will also introduce two to three smart TV in the year. We have eco-friendly campus with proper waste management system.

Alumni Feedback (2022-2023)

- Placement cell's activities should be improved.
- Curriculum should be updated based on new technologies.
- Provide more faculties according to the necessity.
- Increase Internship Programs
- Improve indoor games facility

Action Taken

The institution considered all the feedbacks of alumni seriously and took actions. The institution strengthened the Placement Cell by having collaboration with Kerala Knowledge Economy Mission (KKEM) and ASAP and also trying to have membership in Kerala ICT Academy. The Principal attended the University Meeting for UG curriculum updation and the PG curriculum has been updated in the year. Teachers are adequate as per the student teacher ratio. Last year three departments from the college organized internships for students. In this year all final year students are going for internship. Sufficient indoor

game equipment is there in the institution and in this year we will introduce Table Tennis board.

Teachers' Feedback (2022-2023)

- Wi Fi should be improved
- Proper time management should be there for extra-curricular activities
- Meeting should be conducted in a democratic manner, avoid monopoly in meetings
- Conduct discussions in the meeting
- Implement smart classrooms in all UG classes

Action Taken

The institution has taken in consideration of all teachers' feedback, following actions have been taken. The speed of Wi-Fi has been increased to more than 100mbps. The institution has proper time management for all the programmes. The programmes have been conducted in the afternoon session without disturbing the classes. In this year Student IQAC wing strengthened to conduct more programmes with proper time management along with college union. Student IQAC had conducted two programmes successfully in the year. Staff meetings are conducted in a democratic manner. If anyone has any personal or academic problems they can talk directly to the principal or to the management authorities.

Employer Feedback (2022-2023)

- Employment opportunities should be improved.
- Skill development programmes should be conducted.

Action Taken

Based on the employer feedback the institution has upgraded in the following ways. Latest job oriented notifications are provided to the students through class teachers and department heads. Several skill development programmes are introduced in the institution in the last year itself. In the academic year Self

Defense classes for girls and Yoga classes are introduced along with Earn While Learn Programmes and Add on Courses.
