SANITIZER PREPARATION

COVID -19 ,the new name for the disease being caused by the recent coronavirus is all over the news. A lot of information is being presented about how to prevent coronavirus from affecting us. One of the best ways to stay healthy is to wash our hands with soap and water. But if those are not available, hand sanitizer may help rid our hands of unwanted germs. In the current scenario PG Department of Chemistry has selected "sanitizer preparation" as an earn while learn programme during the academic year 2020-2021 to encourage students to try their hand at entering the field of small scale business and increase self-reliance approach. enables the students to explore their subject preferences and develop them into a career. The session was handled by Mrs. Roopa VV, Assistant professor, Department of Chemistry and enabled the students to explore their subject preferences and develop them into a career.
